The Vertiv XTE 802 Series Network Edge Enclosure, constructed entirely of lightweight steel, ensures vital electronic equipment is protected from vandalism and environmental damage.

60KWh outdoor energy storage cabinet with external side-mounted inverter, IP55 rated, 19" rack, air conditioning cooling, flame-retardant insulation, ideal for outdoor energy storage

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar systems, ensuring reliable

Professional manufacturer of outdoor cabinets, electrical distribution cabinets, telecom cabinets, data center cabinets, and industrial enclosures with IP55, IP65, IP66 protection ratings.

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar

Stores 60kWh of electricity for future use, ensuring a stable energy reserve. It supports multiple energy inputs, including solar power, diesel generators, and the grid, providing flexible power integration.

House your entire edge computing infrastructure in a single secure, prefabricated micro data center cabinet with self-contained cooling, monitoring, & more.

Discover outdoor communication cabinets with IP55/IP65 rating, galvanized steel construction, and integrated cooling for telecom, 5G, and solar applications.

For a typical outdoor edge deployment, an outdoor telecom cabinet rated IP55 / NEMA 3 will meet most
