In June 2025, GSL ENERGY deployed a 160kWh high voltage lithium battery system with 100kVA inverter in Nigeria. The project helps reduce diesel usage by 70% and ensures 24/7 power for

We have brought a customized energy storage system for the African market, covering solar energy storage cabinets, photovoltaic energy storage integrated cabinets,

Through advanced power storage technology and microgrid solutions, Namkoo is helping bring 24/7 electricity access to areas where

Smart all-in-one Blue Carbon Energy Storage System (15kWh / 12.5kWh / 10kWh) with screen and parallel function. Combines battery, inverter, and MPPT in one compact, expandable unit for reliable

The launch of FFD POWER Nigeria marks a major step in expanding the company's footprint in Africa. With this strategic expansion, FFD POWER continues to deliver cutting

With its technical advantages ? all-in-one design, waterproof protection, high solar input capacity, and scalable energy storage ? the V Series became one of the main highlights of the

Masters Energy Group is a prominent player in the energy sector, owning and operating the largest private terminals and storage facilities in Nigeria, with a focus on crude storage and bulk storage

This C& I battery storage system integrates with solar PV and the grid to power EV chargers, providing clean, reliable, and cost-efficient electricity for commercial EV

During the INNOVATION 2025 WAM Expo in Nigeria, ISOURCE?an energy solutions provider under

Expandable power distribution and energy storage cabinets in Nigeria

E-abel?presented a transformative lineup of home and commercial energy

This C& I battery storage system integrates with solar PV and the grid to power EV chargers, providing clean, reliable, and cost-efficient electricity for commercial EV charging stations while reducing grid

In June 2025, GSL ENERGY deployed a 160kWh high voltage lithium battery system with 100kVA inverter in Nigeria. The project helps reduce diesel usage by 70%

Smart all-in-one Blue Carbon Energy Storage System (15kWh / 12.5kWh / 10kWh) with screen and parallel function. Combines battery, inverter, and MPPT in one

The product perfectly combines efficient photovoltaic modules with energy storage systems, addressing local challenges such as frequent power outages and unstable grids.

Through advanced power storage technology and microgrid solutions, Namkoo is helping bring 24/7 electricity access to areas where traditional grids cannot reach. Each of the 13
