With 180kW power rating and IP54 protection, this robust solution is perfect for demanding commercial and industrial on-grid applications requiring high performance and reliability.

El HighJoule 100KWh La serie de gabinetes para exteriores ofrece una solución robusta para aplicaciones comerciales, con un 100KWh Batería LFP o SSB con más de 8000 ciclos, garantizando

The system is designed with IP54 protection and C4/C5 anti-corrosion grade, making it suitable for harsh outdoor environments with operating temperatures ranging from -30? to 50?.

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment.

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

C& I BESS cabinets reduce electricity costs by taking advantage of peak and valley price arbitrage, increasing renewable energy utilization, and participating in demand response programs.

C& I BESS cabinets reduce electricity costs by taking advantage of peak and valley price arbitrage, increasing renewable energy utilization, and participating in

Shop premium solar outdoor cabinets with IP54?IP67 protection, liquid/air cooling, and 100kW?2MW
